# Making Things!

Read the passage, then mark the correct answer.

Leo loved making things. Every afternoon, he rummaged through his big toolbox, excited to start a new project. Today, five colorful feathers caught his eye. "Which one to use first?" he pondered. Picking a bright blue one, he carefully glued it to cardboard. He added more feathers, each different and beautiful. He worked hard, remembering his grandpa's advice: "Use your imagination, Leo!" Soon, a magnificent bird took shape! "Tell me why you chose these feathers," smiled his grandpa. Leo beamed, pointing to each one. "Blue for the sky, red for the sunset, and green for the trees!" Leo's heart burst with pride, knowing his creation showed the world he saw.
