# Camerie's Bakery Adventure

Read the short story and answer the questions

Camerie and her classmates were so excited for their field trip to the local bakery. They had been studying about different types of food and how they are made, and they couldn't wait to see how bread and pastries were baked.

When they arrived at the bakery, the owner, Mr. Baker, greeted them with a warm smile.

He gave them a tour of the bakery, showing them the ovens, the mixers, and the different ingredients they used.

After the tour, Mr. Baker taught the class how to make cookies. He showed them the recipe and demonstrated the steps involved in making the dough. Then, he gave each student their own bowl of dough and let them roll it out and cut out the cookies.

The students had a lot of fun making their cookies. They decorated them with different sprinkles and candies. When the cookies were finished baking, they smelled delicious. Each student got to eat two cookies. They were so tasty! The rest of the cookies, they packed up to take home to their families.

Before returning to school, the class stopped at a pizzeria for lunch. They ordered pizza, pasta, and salad. Everyone was hungry after their morning of baking, and they devoured their food.

When they got back to school, Camerie and her classmates couldn't stop talking about their trip to the bakery. They had learned so much and had so much fun.
